COUNTY OF RENFREW GUIDE TO THE CONSENT PROCESS

NOTE: *This guide has been prepared for information purposes only. You may also refer to the Planning Act of Ontario, which is the governing provincial legislation.*

1. The submission of an Application for Consent is provided for in the Ontario Planning Act. As such, this form must be completed and accompanied with the required fee prior to consideration by all relevant agencies.
2. The Land Division Committee or delegated staff make the decision as to whether a consent is granted or refused. Three members of County Council constitute the Land Division Committee. The Committee holds a hearing for disputed applications and renders a decision. Straight forward applications, not requiring a hearing, may be decided upon by delegated staff without a hearing. The above-noted procedural manual contains definitions of disputed and straight forward consents.
3. The Secretary-Treasurer of the Land Division Committee consults with provincial government agencies and other public bodies who have responsibilities for matters that may be affected by a consent (severance). The local municipality (e.g. village or township) and the County of Renfrew Development and Property Department are always asked for comments.
4. Consents must meet the policies and requirements of any local Official Plan or Zoning By-law or County Official Plan in effect and the Provincial Policy Statement. You can review the Official Plan and the Zoning By-law at the local municipal office.
5. If a hearing is required, applications are reviewed by the Land Division Committee at a public hearing. Applicants or authorized agents will be notified and are encouraged to attend. As well, any interested person may attend. The Planning Act now requires that the public be given notice of any application for consent; notice may be given in a local newspaper or by direct mail to abutting owners.
6. The Secretary-Treasurer of the Land Division Committee may decide to hold an application in abeyance to allow for certain matters to be resolved. These matters may include official plan policies, zoning, outstanding agency comments, insufficient information supplied by the applicant, legal interpretation and agency concerns. It is the responsibility of the applicant to follow up on these matters. A file is brought forward once the outstanding matters have had action and/or have been concluded.
7. Consents may be granted subject to conditions. All conditions must be met within one (1) year from the date of notice of the decision. When all the conditions are met within the one-year period, a Certificate finalizing the consent will be issued. If the one year deadline is not met, the consent will be deemed to be refused and no certificate will be issued. The same conveyance would then require a new application and the consent process would start again.
8. A decision or any condition(s) can be appealed within twenty (20) days of the giving of notice of the decision.
9. A reference plan (survey) is usually required to be supplied by the applicant. In some cases, a registerable description can be used instead of a survey if acceptable to the Registry Office.

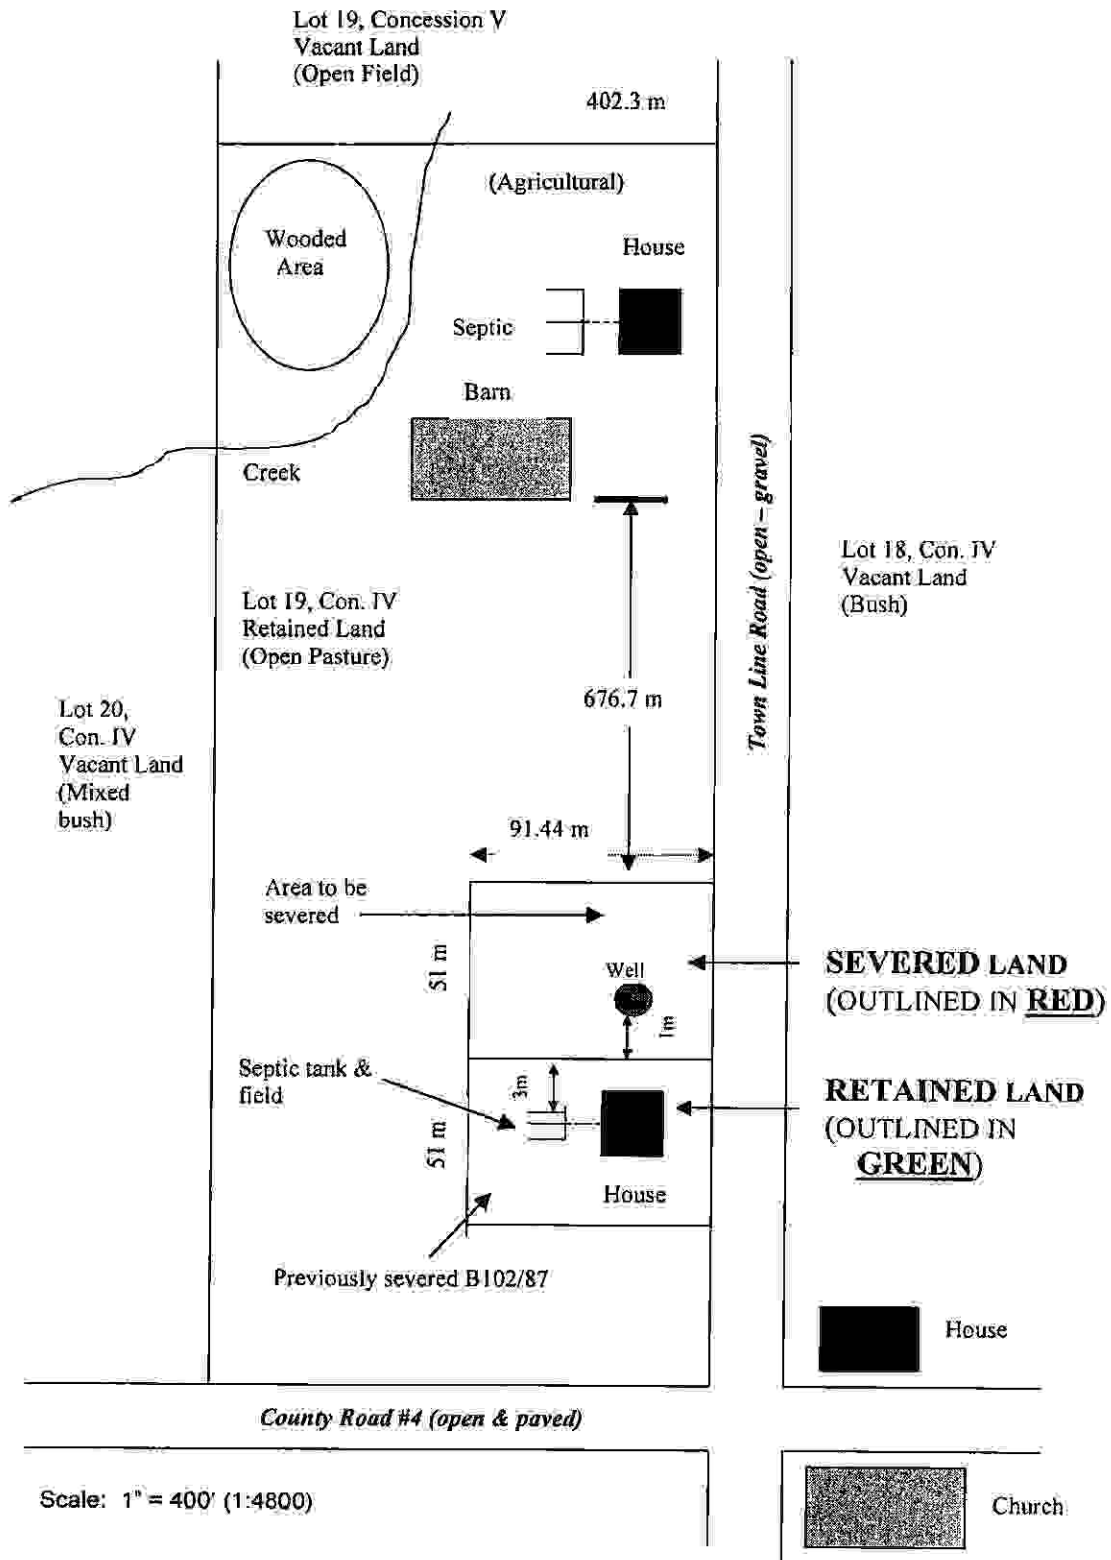

The applicant will be notified when the reference plan is required. Usually this is a condition of consent but in some cases it may be requested prior to the making of a decision. The survey must closely match the sketch and the information on the application form which the applicant submitted. Therefore, it is important that the surveyor not be given instructions which differ from the application.
10. If a Certificate finalizing the consent is issued, you have two (2) years from the date of the Certificate to carry out the land transaction (transfer of ownership). If the two year deadline is not met, the consent lapses and the parcel(s) can no longer be conveyed without reapplying and obtaining consent. Once you receive the Certificate of Consent, there is no follow up reminder from the Secretary-Treasurer of the Land Division Committee about the lapsing date.
